

The Liphook Equine Hospital Laboratory Price List

(prices in £ excluding VAT)

<u>BLOOD PROFILES:</u> (EDTA and plain serum required except*)		
INFLAMMATORY	(Haem+diff, TP, albumin, globulins, fibrinogen, serum amyloid A)	27.00
BASIC SCREEN	(Haem+diff, TP, albumin, globulins, fibrinogen, AST, CK, GGT, AP, creatinine, urea)	52.00
GERIATRIC	(Haem+diff, TP, albumin, globulins, fibrinogen, GGT, AP, creatinine)	37.20
LIVER	(Haem+diff, TP, albumin, globulins, fibrinogen, AST, GGT, AP, GLDH, LDH, Bile acid)	52.00
LAMINITIS RISK*	(Insulin, glucose, triacylglycerol, RISQL, MIRG) - *plain serum & 'Ox-F' tube required	31.50
RENAL	(Haem+diff, TP, albumin, globulins, fibrinogen, creatinine, urea, Ca, PO ₄)	42.00
MUSCLE	(Haem+diff, CK, AST, creatinine, urea)	32.00
ELECTROLYTE 3	(Na, K, Cl)	23.00
ELECTROLYTE 6	(Na, K, Cl, Ca, PO ₄ , Mg)	36.00

(further "customised profiles" can be requested at 65% of cost of individual components)

INDIVIDUAL BLOOD TESTS:

HAEMATOLOGY & DIFFERENTIAL including platelets (EDTA or citrated sample required) **18.50**

BIOCHEMISTRY (serum sample required except where noted otherwise)

Total Protein, albumin, globulins	7.75	Serum amyloid A	7.75
Fibrinogen (EDTA or citrate)	7.75	Calcium (total)	7.75
AP	7.75	Calcium (ionised)	16.50
AST	7.75	Phosphate	7.75
CK	7.75	Magnesium	7.75
GLDH	7.75	Prothrombin time (citrate)	7.75
GGT	7.75	APTT (citrate)	7.75
LDH	7.75	Bile Acids	7.75
Triglycerides	7.75	Glucose (oxalate fluoride)	7.75
Bilirubin	7.75	Cortisol	16.75
Creatinine	7.75	2 x cortisol	30.00
Urea	7.75	Insulin	16.75
IgG (serum or EDTA)	15.00	¹ACTH (chilled, separated & EDTA)	18.50

30% discount applies to follow-up blood samples from the same case
Further discount/refund (up to 17½%)⁵ applies to practice turnovers > £225 per month

DIARRHOEA (faecal samples):

² Adult horse:	(Aerobic culture, <i>C.perfringens</i> enterotoxin (CPE), <i>C.difficile</i> toxins A+B)	46.50
² Foal:	(Aerobic culture, Rotavirus, <i>Cryptosporidium</i> , CPE, <i>C.difficile</i> toxins A+B)	59.00
² Rotavirus & <i>Cryptosporidium</i>		20.00
² <i>C.difficile</i> TOX A/B & <i>C.perfringens</i> enterotoxin		36.00

OTHER TESTS:

Aerobic culture	17.50	Skin microscopy+culture	22.00
Disc sensitivity	8.00	Faecal worm egg count (1 sample)	9.50
Anaerobic culture	11.00	(>5: 8.00 each; >10: 7.00 each)	
³CEM swab mare	16.00	² Rotavirus	12.00
³CEM swab + EVA serology	28.00	² <i>Cryptosporidium</i>	12.00
³CEM stallion (3 swabs)	45.00	² <i>C.difficile</i> toxins A+B	20.00
³CEM stallion (4 swabs)	57.50	² <i>C.perfringens</i> enterotoxin	20.00
API identification	12.50	Urinalysis	10.50
⁴Cytology	19.50	Urinalysis and culture	27.50
⁴Cytology+culture	33.00	<i>Borrelia</i> serology (Lyme disease)	22.50

¹(contact lab first for free chiller pack)

²faecal sample required

³Amies charcoal transport medium and arrival at laboratory within 48 hours mandatory

⁴For TW and BAL please submit in EDTA or cytospin solution for cytology and without preservative for culture

⁵ £225-350, 5%; £351-700, 10%; £701-1000, 12½%; £1001-1500, 15%; £1501+, 17½%
